## Copy from Stock PO Form Defaults to PO Highlighted in Grid

The *Copy from Stock PO* pop-up form will now default to the PO highlighted on the PO List grid. In the past, the *Copy from PO* field was empty forcing the user to search for their desired stock PO to copy.

## How it works:

- 1. Launch Software for Hardware and from the Logo screen click the *Purchase Orders* menu selection.
- 2. Click the Stock POs submenu selection.
- 3. Single click a stock PO on the listing grid to highlight the PO you wish to copy.
