

PO Status Monitor Color Changes

To further define practical functionality of the PO Status Monitor this enhancement adds two new color schemes to the *Acknowledge Date* column. Red still represents *2 days past Date issued and no Acknowledgement*. Yellow has been added and means *Created/Not Sent* and light green designates *Acknowledged/No Manf Promised Ship Date*.

How it works:

1. Launch Software for Hardware and from the Logo screen click the *Purchase Orders* menu selection.
2. Click the *PO Status Monitor* submenu selection. **Note:** you can also access the PO Status Monitor from within a Contract Job.

3. This action opens the PO Status Monitor.

4. In the lower portion of the screen, you will see yellow and light green color schemes have been added to the *Acknowledgement Date* section which acts as a key to interpret the color-coding in the associated column on the grid.

Acknowledgement Date		Shipping Confirmation	
	2 days past Date Issued and no Acknowledgement		1 day or more past Manf Promised Ship Date
	Created/Not Sent		Waiting for Shipping Confirmation
	Acknowledged/No Manf Promised Ship Date		Shipping Confirmed
SFH PAC#			
	PAC Slip Available to Assign
