# Show Wall Type Legend on the Door/Frame Schedule

The Door/Frame Schedule now allows the choice of printing a Wall Type legend on the legend page which includes the Wall Type with associated Jamb Depth.

How it works:

1. Open a contract job in Software for Hardware.
2. From the Project screen click the *Reports* menu.
3. Click on *Door/Frame Schedule*.

4. Check the *Print Wall Type Legend* box if you wish to include on your schedule.
5. Chose either the full report or schedule only.
6. Click the *Print*, *Preview* or *PDF* button to generate the desired report.

Door Edge Codes
D - MDF Medium Density Fiberboard (Wood)
F - FJES Finger Joined Edge Stile (Wood)
Z - Anodized (Aluminum)
W - Continuous Welded Seamless (Hollow Metal)
