

Hardware Packing Control Report

The new feature is a management tool itemizing all the hardware for a Contract Job to be shipped to the jobsite. Carton numbers are predetermined and entered by hand before creating a packing list. This report can be generated by including all areas, or by specific area(s) only.

How it works:

1. Launch Software for Hardware and open a Contract Job.
2. Click the *Reports* menu selection.
3. Select *Hardware Packing Control Report*.

4. Choose the desired form of output by clicking the appropriate button; *Print*, *Preview*, or *PDF*.
5. Below is an short example of what the *Hardware Packing Control Report* looks like when generated:

Hardware Packing Control Report

Job 1

Job Number: 1
